

Agriculture & Ecology Walking Tour

W.K. Kellogg Biological Station, Michigan State University

Come learn how scientists are seeking ways to make farming profitable while protecting our state's natural resources.

This free, self-guided walking tour of our research is $\frac{3}{4}$ -mile and takes about an hour to complete.

Open dawn to dusk, May 1 through November 1.
No pets allowed.

Park at the LTER Field Lab, [10378 N 40th St.](https://www.lter.kbs.msu.edu),
Hickory Corners, MI 49060 (across from the KBS Dairy).

Please visit www.lter.kbs.msu.edu for
more information.
